

Stannah 420 Saxon for straight stairs

The Stannah 420 Saxon chair - a simple solution for straight stairs

The Stannah 420 Saxon is ideal where you need a simple solution for straight stairs.

Widely used throughout the world, the Stannah 420 has earned a reputation for safe, reliable operation and ease of use. Its constant-charge battery system uses very little power, and keeps the chair ready for use, even during a power outage. And for your convenience and safety, you only have to lift the armrest to fold up the footrest - no bending down.

Quickly installed, the Stannah is a great way to make it easier and safer to get up and down stairs, saving the trouble and expense of moving away to somewhere on one floor.

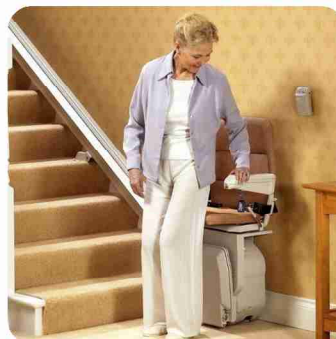

It's just the lift you need!

Folds neatly away, leaving room to walk by.

Unfolds easily without you bending over.

Sit comfortably using the armrests for support.

A gentle press of the joystick starts the chair.

Glide upstairs smoothly and safely.

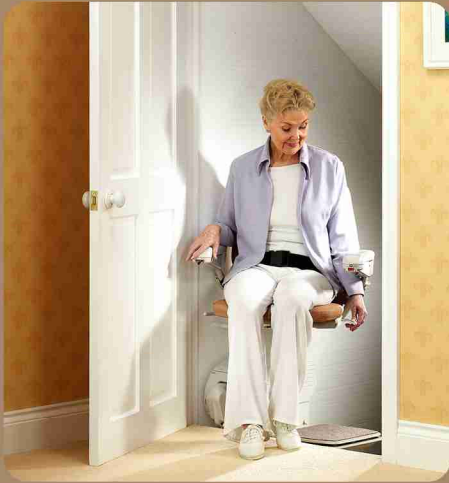

Turn the chair to face the top landing, for safety.

Stannah Stairlifts Inc.
101 Constitution Blvd., Suite C,
Franklin MA 02038

The Stannah 420 Saxon is often used on basement stairs where the door at the top needs to close.

Use your Stannah to carry laundry or groceries.

Because it is attached to the stair treads instead of the wall, the Stannah 420 is easily removable.
